

health brigade

Proof of Income

The eligibility screening is how Health Brigade can find out if you are able to receive free health care at our clinic. To see if you are able to receive health care here at our free clinic, Health Brigade asks for proof of **all** money you and your family members make.

Please look at what counts as money earned, income, and what proof of income you need to bring to your eligibility screening. These documents must be brought with you to your screening appointment.

If you have questions about what you can bring to your eligibility screening to show how much money you make please:

CALL: (804) 358-6343 x115

EMAIL: rkey@healthbrigade.org

For any documents that require a notary stamp, the Richmond Public Library provides free notary services. You can call your closest library to see if they have a notary available. The Main Library number is 804-646-4867 and they can help you find out where your nearest library is.

Income	Document Options	Notes
